MEMORANDUM FOR THE RECORD

SUBJECT: Processing of Information to DISCO

1. Chief, Clearance Division attended a meeting with Chief, DISCO and Chief, Adjudication Division, DISCO at Cameron Station on 8 Nov 1979. Others in attendance were representatives identified in the Defense Logistics Agency memorandum dated 19 October 1979. The purpose of the meeting was to discuss the already agreed on procedures of protecting and passing information to DISCO.

2. It was reaffirmed that information developed from polygraph examinations would be passed to DISCO via registered mail with the Chief, Adjudication Division being the recipient. Information passed would be for lead purposes only and the confidential memorandum would be destroyed after nine months. Originally DISCO was pushing for permission to pass the confidential memorandum to the DISCO Board of Review but the representative from the board advised that the CIA and NSA memorandums need not be forwarded. Col. Holt requested that CIA information be more detailed if possible and provided a sample of NSA memorandum. He was told that his request would be considered.

3. Upon completion of the discussion on processing information the NSA representative and Chief, Clearance Division withdrew from the meeting.
